Hello all:

Just a few comments on Progress park. It went very well, and the crowd was impressive. These large showings of support are excellent for the morale of our supporters. I have in my possession quite a few CD's of JONAH, which I have been trying to distribute to our truckers and bussers for use daily, it is a powerful marketing tool. If anyone needs let me know. Tilly was as usual better without the SCRIPT. I thought that some of the time at the start could have been used to show the TAPE. However I trust we will have another opportunity.

Arley tries to assume too many responsibilities and runs himself ragged, he needs to delegate some more and many of us have offered (being the Master of Ceremonies is enough for him, he needs to preserve his energy to the end of the campaign, let the stage management and behind the scenes be done by the rest of us). I wish to propose some aspect of a 15-20 minute Candle Light Vigil during one of the remaining large meetings, and if you would like me to get Linda Waldron in for the occasion, it would be good. The final showing of the NDC before the election, MUST be a wonderful, gigantic, memorable and spiritual affair, to end on the note on which we started.

REgards
